

Battery-operated CO Alarm

www.hwsensor.com

CM020

APPLICATION

CM020 carbon monoxide alarm uses a high-quality electrochemical sensor, which is fast and sensitive to carbon monoxide. The current carbon monoxide concentration value can be read through the display. When the carbon monoxide concentration in the air is higher than the preset value, the user will be alerted by sound and light alarm to ensure their safety.

FEATURES

- Meet EN50291 standard
- High quality electrochemical Sensor
- New fashion design
- LCD display

EN 50291-1:2018

APPLICATION

The CM020 is used to detect carbon monoxide leakage in residential home. Fast response to carbon monoxide and reminding people get away from danger.

FUNCTION AND INDICATION

SPECIFICATIONS

Measuring gas	Carbon Monoxide	Alarming level	Follow EN50291 standard
Working voltage	DC3V	Working Environment	Temperature: -10°C ~ 50°C Humidity: <95%RH
Sensor type	Electrochemical sensor		
Sensor life	≥10 years	Alarm sound	≥85dB(3m)
